[naturalstoneveneer.co.uk](http://naturalstoneveneer.co.uk)

Natural Stone Veneer Limited was formed in 2013 with an exclusive licence to introduce these unique and incredibly exciting products into the United Kingdom and Ireland.

Our heritage in the building and paving stone industries gives us a deep understanding of the products and the wide range of innovative applications.

The list of benefits and uses is almost endless. These products present a truly revolutionary way of using and working with natural stone that simply has not been possible before.

Our natural stone products are obtained from quarries around the world and split from real slate. Sourcing our products from different geographical locations results in a stunning, natural product available in a colour to suit every application.

It's real, beautiful, natural stone. What's more, it bends!

*Bend it, shape it, ANYWAY YOU WANT IT*

## OUR INTERNATIONAL PEDIGREE

RICHTER Furniertechnik of Germany was founded in 1984 and has more than 30 years' experience in the veneer industry, successfully expanding internationally and a source of innovative ideas and flexible solutions.

## INTERNATIONAL AWARD WINNERS

### DESIGN PLUS

The German Design Council awarded the prize "Design Plus" to RICHTER for its innovative product NanoStone.

The Italian International Forum Design in cooperation with the Italian design association awarded the M TECHNOLOGY AWARD to RICHTER: NanoStone was recognised with the GOLD award for special design and innovative performance.

The official award from 2009, 2010, and 2011 to the 100 most innovative companies shows that RICHTER Furniertechnik is one of the TOP 100 innovators in Germany.

**BendyStone. Everything you'd expect from a top quality veneer. But it's real stone!**

Available in 12 stunning colours each with a distinctive, individual pattern, BendyStone is the result of applying German skill, knowhow and technology to one of nature's oldest and most enduring materials.

Only 2mm thin, BendyStone is causing excitement and bringing innovative thinking to architects, designers, builders and developers in a huge range of ways.

Because of its unbelievable bendiness, BendyStone can be used in applications previously undreamt of. Pillars, walls, ceilings, columns, furniture, luggage and more – can now all be made to look absolutely stunning, clothed in the beauty of real stone.

*Bend it, shape it, ANYWAY YOU WANT IT*

**NanoStone. Quite simply the world's thinnest real stone.**

As light as a feather to handle, install and in use, NanoStone can be thermo-formed, three-dimensionally formed or wrapped. It will also conform to a radius as small as 2mm.

Just imagine the infinite applications – furniture, construction, automotive, marine, airline, and interior design; not to mention luggage, handbags and textiles. We've even made clothing with NanoStone!

**MicroStone. Real stone texture and appearance in an incredibly thin veneer.**

Unique MicroStone brings amazing flexibility with real stone texture and profile. Even thinner than our BendyStone range, MicroStone offers an even wider range of opportunities in use.

But, it is still real stone and creates even more opportunities many of which were previously quite simply inconceivable.

MicroStone is available in 12 striking colours all of which deliver the natural beauty of real stone.

**iLumiStone. Real stone that lets you see the light.**

Its natural beauty can be transformed with back lighting into a thing of genuine, breathtaking splendour.

iLumiStone enables a degree of design freedom formerly unimaginable.

But there's so much more to iLumiStone.

iLumiStone is available in 12 spectacular colours which deliver the natural beauty and texture of real stone but with the extra magic of translucence.

All our real stone veneer products are created from completely natural stone which has no need for artificial additives or colours.

We offer up to 12 stunning colours each with a distinctive, individual pattern.

#### **AUTUMN**

A rich, multi-hued stone with the sumptuous look of marble

#### **AUTUMN WHITE**

A bright, inviting veneer with memories of sandstone

#### **CALIFORNIA GOLD**
